

Transition Team Talk

In an effort to keep everyone informed, we have decided to share our meeting notes each week. We hope you find these useful.

We began by sharing questions and comments from staff, Session, committees and congregants.

- The Presbytery and Session are looking into viable options for Foundation Presbyterian Church's continuation.
- Concern about information on the marquee, E-Newsletter, and bulletin not being current.

We are asking that staff and any volunteers assist Blaine with some of the tedious, non-pastoral/administrative duties. He is trying to wear several hats right now.

We are asking that when challenges arise, it would be beneficial to offer some suggestions. Also, when challenges do arise, they need to be directed to the corresponding committee, so they can address them accordingly.

Our team would like to thank all who attended the Town Hall Gathering on September 11th. We thought it was very positive, and hope you found it helpful. Thank you to those who shared their perspectives. Also, thank you to the Interim Search Committee for being there and fielding questions.

In an attempt to be as transparent and informative as possible, we plan to:

- have Town Hall Gatherings quarterly.
- Improve sound by providing microphones for speakers.
- continue to provide a monthly Minute for Mission.
- ask Session to provide a summary of the survey results, however, they are 20 months old and may not be relevant.
- make sure all forms of church communication are current.

We are a church of hard workers. God will provide all we need. Just be willing to listen and follow.

Trip, Melinda, Gail, Alan, Blaine, and Pat
